“Educate,
Elevate,
Empower.”

TAJAMMAL ABBAS RANA

DIRECTOR GENERAL QAED LAHORE

Transforming Teaching for 21st Century Learners is very close to my heart and my thirst. It is my belief that nations cultivate prolific and abundant outcomes by concentrating on teacher education. I am determined to implement innovative techniques in academia and research to crop best value in teachers. QAED Punjab is blessed with highly qualified faculty. We have a number of M.Phil, Ph.Ds, and scholars at District QAEDs and QAED Punjab. I am engrossed to augment this asset more with capacity building trainings and gratifying orientations. Student-focused and innovative teaching is QAED's main objective to entertain 21st century learners.

**MEHMODO UL HASSAN
(RPM)**

Dear Team,

As we strive for excellence in our institutional activities, it's imperative that we focus on continuous improvement. Let's commit to fostering a culture of innovation, collaboration, and accountability. By harnessing our collective talents and energies, we can enhance our effectiveness, efficiency, and impact. Let's embrace change, learn from our experiences, and adapt swiftly to evolving needs and challenges. Together, we can elevate our institution to new heights of success and significance. Thank you for your dedication and contributions.

Best regards
Mehmood ul Hassan
Regional Program Manager

**ASMA UMBER YASMIN
(PRINCIPAL)**

Dear Students and Faculty,

As we embark on another academic journey, let us reaffirm our commitment to excellence in all endeavors. Let's foster an environment of mutual respect, creativity, and dedication to learning. Remember, each day presents us with opportunities for growth and achievement. Let's seize them with enthusiasm and determination. Together, let's create a vibrant community where every individual is valued and empowered to succeed. Here's to a year filled with meaningful accomplishments and cherished memories.

Warm regards,
Principal Asma UMBER Yasmin

KASHMIR SOLIDARITY DAY FEBRUARY 5, 2024.

Kashmir Day is celebrated on February 5 every year. On this day, students of QAED and Lab School commemorate and pay tribute to the martyrs who gave their lives in the fight for Kashmiri independence.

We celebrate this day to reinforce and show support for the Kashmiri freedom movement. The ceremony is in honour of Pakistan's defence of Jammu and Kashmir in the years that followed the partition in 1947–1948. It is a day that makes the entire country stand as one.

March 23rd, a day ablaze with the fervour of freedom, marks Pakistan's triumphant journey into the annals of independence. Students of QAED W and attached Lab School Bahawalpur Celebrated Pakistan Day. Madam Sumaira Raees started the event with a heartwarming speech and beautiful verses from Dr. Allama Iqbal's poetry. It was followed by the Competition of Milli Naghmas and Speech. For the closing of Program Dr. Noshaba Ameer, Mrs Shah Jahan Siddiqui and Madam Ghazala Waheed made speeches to highlight the need of patience, valor and bravery.

**3rd PD DAY:
Navigating Digital Leadership : Skills for the Modern Era**

The primary objective of the **Professional Development Day** is to enhance the skills, knowledge, and professional growth of teachers and Prospective teachers and teachers associated with QAED, fostering a culture of excellence in modern education.

"Professional development is not just about taking a single step forward; it's about continually evolving, adapting, and expanding our skills to reach new heights of excellence."

2nd PD DAY: Social Media Strategies for Professional Growth

1st PD DAY: Enhancing Communication Skills for Professional Success

The visionary leadership of DG QAED Tajammal Abbas Rana is exemplified through the establishment of a **Nursery** and the ambitious goal of **covering 25% of QAED with lush plantation**. This forward-thinking initiative is being wholeheartedly embraced and actively pursued by both students and staff members, reflecting a deep-seated dedication and motivation to bring this vision to fruition. The visionary leadership of DG QAED Tajammal Abbas Rana is exemplified through the establishment of a Nursery and the ambitious goal of covering 25% of QAED with lush plantation. This forward-thinking initiative is being wholeheartedly embraced and actively pursued by both students and staff members, reflecting a deep-seated dedication and motivation to bring this vision to fruition.

Activity-based learning is ensured in the classrooms to enhance quality teaching. It is adding to hands on experiences.

Annual Result was declared on 30th March, 2024. Parents were invited. Mrs. Tasleem Akhter Directress Elementary wing and Mrs. Amber Tanseer Social-Activist, Chairperson of GO Green Movement, were the chief guests.

In the month of March, a **Cultural Festival** is enthusiastically celebrated across Punjab. At QAED Lab School, our students diligently prepare for days to gather and exhibit cultural materials. The event is vibrant and enjoyable, with students indulging in local foods and donning traditional attire.

A STEM room is vital for an educational institute because it offers students hands-on learning experiences that enhance innovation and critical thinking. This practical approach prepares students for success in STEM careers by allowing them to apply knowledge to real-world challenges.

ANOTHER INITIATIVE OF OUR DG: Daycare centers in institutes are crucial because they provide essential support to faculty, and staff by offering a safe and nurturing environment for their children. This allows parents to focus on their work, leading to increased productivity and well-being. Additionally, daycare centers promote gender equity by enabling more women to pursue education and careers without worrying about childcare.

FUNCTIONAL SCIENCE LABS: are vital because they offer students hands-on experiences, deepening their understanding of scientific concepts and fostering critical thinking. By applying theory in real-world experiments, labs prepare students for STEM careers and promote technical proficiency.

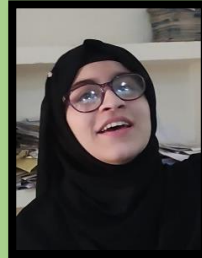

Our pride Mrs. Ghazala Waheed EST from QAED Lab School is representing our institute in Punjab Girls Guide for the last 5 years and this year she won Award for spreading Education to the OUT OF SCHOOL CHILDREN.
