GROUP DISCUSSIONS AT QAED GAKKHAR

In the vibrant classrooms of our teachers' training college, group discussions are a dynamic and integral part of the learning experience. Trainees gather in small groups, exchanging ideas and perspectives on various educational topics, from curriculum design to classroom management. Facilitated by experienced instructors, these discussions foster critical thinking, collaboration, and effective communication, as participants learn to articulate their thoughts, listen actively, and build on each other's strengths, developing essential skills for successful teaching and learning.

LAB SCHOOLS

Within the walls of our college, innovative lab schools thrive, serving as hubs for experiential learning and educational experimentation. These lab schools, nestled within our campus, benefit from the college's vast resources, expertise, and mentorship, enabling them to pioneer cutting-edge teaching methods and curricula. In turn, our college is enriched by the lab schools' entrepreneurial spirit, creativity, and commitment to excellence, as we work together to shape the future of education and empower the next generation of learners and leaders.
