

## **Session 7: Learning from Classroom Observation Data**

**Date: 6<sup>th</sup> October 2020**

**Time: 4pm to 5pm**

### **Breakdown**

Time	Component	Description
<b>5 mins</b>	Introduction	Background to COT data utilisation work being done at PMIU
<b>15 mins</b>	How to use COT data	Discussion on how to use, interpret and analyse COT data to track performance and plan action
<b>15 mins</b>	Group Activity for the participants	This component will provide hands on learning to the participants. All the participants will be divided into three groups and will be given different sections of the report to analyse and suggest actions
<b>15 mins</b>	Participants' presentations	Each group will present the assignment
<b>10 mins</b>	Feedback from the participants	The participants will be asked: If there is any additional analysis or information that they as AEOs may want to see in the quarterly report
