Material Development Wing

QUAID-E-AZAM ACADEMY FOR
EDUCATIONAL DEVELOPMENT PUNJAB

Wahdat Road, Lahore

Our visionary Leadership

Quaid-e-Academy for Educational development is an apex eminent teachers training institution of Punjab Govt. All credit goes to the management of QAED whose time modification and zeal towards delivering the best lead this institution towards excellence and made them to win recognition all over the Pakistan.

The efforts of QAED management to modernized the QAED's way forward with the latest means of communication and collaboration to compete with other well known institutions and organizations is the vision of our dignitary Director General QAED, Ms. Sarah Rashid and Additional Director General Mr. Jamil Ahmad Jamil. Their leadership has uplifted QAED to another level of excellence. They want to make QAED the best flower of educational bouquet in terms of quality teaching and training.

Director General

Additional Director General

Message

We should remember, achieving the goal of producing outstanding students requires a collective effort from the institution, teachers, students, and the wider community. QAED as leading institution in teachers training can only be sustained by implementing these strategies, along with the collaboration of other organizations who are doing their best in the field of Educational research and follow the new innovative methodology. So we may adopt the researched based latest educational technology, methodology and strategies to maintain our position among the leading institution of teachers training and always be ready to adopt new initiatives.

Sarah Rashid

Message

QAED provides regular professional development opportunities for teachers to enhance their teaching skills and stay updated with the latest educational practices. It also encourages them to attend workshops, conferences, and training programs related to teaching methodologies, student engagement, assessment techniques, and subject-specific knowledge. Our aim is to prepare our teachers to meet the challenges of today and future.

Jamil Ahmad Jamil

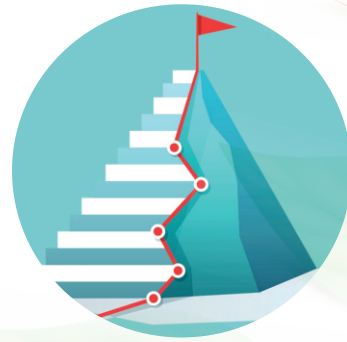

Introduction

The core responsibility of the Material Development is to conduct different sorts of training need assessments and subsequently develop quality training and support materials. MD wing ensures effective staff development programs with the aim to enable them to enhance their knowledge and skills. On the other hand change their behaviours for better performance in their relevant field.

The Material Development Wing also arranges the capacity building workshops to equip the QAED's staff, developers, reviewers, trainers on the latest trends in education and training, helping them to enhance the teaching standards, and improves the skill to solve the issues and problems related to their field.

MD wing specialities:

1. TNA based planning, conducting, and analyzing the training needs assessment regarding improvement of the teacher.
2. Development of in service training its curricula, highlighting its aims, objectives, and specific content areas.
3. Constitute the training dynamics i.e., percentage of interactive direct input, hands-on experience, and group activities and discussions.
4. Designing and developing training and support material, lesson plans, modules, teaching aids to make the training process more effective.
5. Development of pre, mid post-tests according to the scheme of studies for promotion linked, induction and specialized training.
6. Collecting & analyzing the feedback regarding the usefulness of training support material.
7. Development of the instructional videos for the learning management system.
